SPRINGFIELD PUBLIC LIBRARY

Springfield Library Open House & New Library Update

People are using the Springfield Public Library more than ever before, and we're out of space for materials, research and work spaces, and programming for children and adults. Together with the community, the City and the Library are exploring the option of a new library. Feedback will be very important, and we invite you to participate. Get started by attending an Open House and tour of the current space in the City Hall building.

All events begin in the Library Meeting Room, at 225 5th Street. Refreshments will be provided.
